

The Sttaf is Totem's foray into an affordable, adaptable multi-functional speaker system that defies established standards. Pop, classical and jazz are all presented beautifully and honestly with amazing true bass extension, foundation and substance. Adaptable and easy to use in conjunction with many affordable stereo and A/V electronics, it nonetheless shines in all musical and performance aspects. Its proportions, cabinetry and classical elegance allow for easy placement in any room environment. This energetic, functional and holographically superlative speaker can satisfy the most demanding connoisseur.
